Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction, for the above-identified patent under the provision of Rule 1.322 or R 1.323.

Respecting the alleged error, as stated in the COCX dated 4/30/2007, the amendments to the claims are approved. The amendment to the claims is consistent with the claims as allowed in the 18 December 2003 Examiner's amendment and merely corrects printer errors. Please issue a supplemental certificate of correction that includes the claim amendments filed in the 3/9/07 request. Therefore, no correction(s) is in order here under United States Codes (U.S.C.) 254 or 255 the Code of Federal Regulation (C.F.R.) R 1.322 or R 1.323.

In view of the foregoing, your request in this matter is hereby denied.

A certificate of correction will be issued to correct the remaining errors noted in your request.

Further correspondence concerning this matter should be filed and directed to Decisions and Certificates of Correction Branch. Any response must be filed within a four week period.
